

# CITY OF BROWNWOOD

## 3 CUBIC YARD DUMPSTER REQUIREMENTS

The following are the size and space requirements associated with the three cubic yard dumpster. The measurements of the dumpster is 5' wide x 5' deep. When placed inside an enclosure, there shall be 2' of clearance on the outside edges. Between each dumpster there shall be a clearance of 1' minimum. The depth of the enclosure shall be a minimum of 7'. There shall be no gates on the dumpster enclosure. The dumpster enclosure or dumpsters shall be located such that a side loader truck can pick up the dumpsters without a need to back up or otherwise maneuver.

Example

Bollards on front corners (typ.)
